

HOW CAN WE BRING PITTSBURGH'S BLACK EXILES HOME?

PITTSBURGH RACIAL JUSTICE SUMMIT 2022- ONLINE PANEL & DISCUSSION

Sat. January 22
9:45AM – 11:15AM

A lack of affordable housing fueled the mass displacement of tens of thousands of Pittsburgh's Black residents in recent decades, and our city is ranked among the worst places for Black people to live. How can we stop the forced displacement of Black Pittsburghers and ensure a **right to return** for those seeking to come home? How can we build a movement for a city where Black and Brown residents can thrive, and where everyone can live with dignity and justice? Panelists explore the causes of this problem and emerging solutions for human rights and racial justice.
