Workshop Descriptions & Panelists

Workshop session 1: 10:00-11:15AM

Tenant Rights: (Auditorium)

Advocacy for Tenant Rights in Pittsburgh

How can tenants begin to push back against forces that are intensifying housing insecurity and displacement? This session discusses organizing efforts in Pittsburgh to build power and defend the rights of renters.

Co-facilitators: Brooke Christy & Grace Janczak

Panelists:

Brooke Christy, Fair Shake Environmental Legal Services;

Matt Rubin, One Pennsylvania

Social housing alternatives: (Room 202)

What is social housing & why do we need it?

Market-driven housing has been a cause of our affordability crisis, yet political leaders have refused to consider other ways to increase the supply of affordable homes. Social and cooperative housing approaches have been successful in places around the United States and worldwide. How can we expand them in Pittsburgh?

Organizer/Facilitator: **Colt Pierce**

Panelists:

Randall Taylor, Steel City Collaborative Housing & Pittsburgh Human Rights City Alliance

Jason Spicer, Baruch College at the City University of New York (CUNY) and Graduate School and University Center at CUNY

Governance & policy strategy: (Room 203)

Working with City Council for housing justice

As developers continue to turn housing into a source of profits, what are the strategies and visions of Council members who have defended housing justice in our city? How can our movements work to help them (and push them!) to advance real solutions to housing needs?

Facilitator: **Jackie Smith**, Pittsburgh Human Rights City Alliance and Pitt Sociology Department

Panelists: Pittsburgh City Council Members **Deb Gross**, **Barb Warwick**

Movement building for housing justice: (Room 204)

Housing, Health and Well-Being: Connecting housing rights and health advocacy

Facilitator: **Jackie Ellison**, University of Pittsburgh, Center for Innovative Research on Gender Health Equity, and University Human Rights Working Group

Panelists: **Gavin Rienne**-Postdoctoral Research Associate, Maternal and Child Health Center of Excellence in the School of Public Health; **Lindsay Fraser**, Women for a Healthy Environment

Workshop session 2 1:30-2:45PM

Tenant Rights: (Auditorium)

Promoting housing rights for students and future generations

High housing costs contribute to massive student loan debts and make housing even less affordable for students and graduates. How can we connect students and other tenants into a powerful movement for housing justice?

Co-facilitators: Grace Janczak & Sophie Lu (with Brooke Christy, Fair Shake Environmental Legal Services)

Panelists:

Andrea Boykowicz, Oakland Planning and Development Corporation (OPDC)

Marley Pinsky, Pitt Student Government Board

Josh Small, Emilia Morris, & Sarahbeth White, Renters First (Pitt)

Social housing alternatives: (Room 202)

Advancing real solutions: Bringing cooperative housing to Pittsburgh

Housing cooperatives are one effective tool for keeping housing affordable and accessible to everyone. How can we expand this option for Pittsburgh residents- especially those who are most housing insecure?

Facilitator: **Colt Pierce**, Pitt Urban Studies

Panelists: **LaKeisha Wolf, Randall Taylor, Alex Payton**- Steel City Collaborative Housing Association

Governance & policy strategy: (Room 203)

Policy opportunities & challenges for housing justice

Amid new threats to housing justice, how can Pittsburgh residents and our Housing Justice Table coalition work smarter to push back against private developers and demand that public resources better support the rights of everyone to decent and affordable housing? How can we work with county and city leaders to not just react against new threats but push forward real alternatives that bring permanently affordable housing to Pittsburgh families? How can we support progressive local policy makers as frontline defenders of our right to housing?

Facilitator: **Jackie Smith**, Pittsburgh Human Rights City Alliance & Pitt Sociology Department

Bob Damewood, Regional Housing Legal Services
